Spaces and Stories – Co-Creating Scenography

Ed.: Groenlandbasel

- A leading Swiss design firm provides valuable insights
- Scenography as teamwork

It is interdisciplinary teams with complex compositions that develop and realise exhibitions. Groenlandbasel directs a network of specialists and with “Spaces and Stories” enables an insight into the cooperation and the dedicated efforts of a wide range of involved parties. Exhibition thinkers and exhibition makers express themselves alongside each other in essays, shorter highlights and interviews.

The texts are accompanied by a diverse selection of projects by Groenlandbasel: museum developments, special and permanent exhibitions, architecture, as well as indoor and outdoor installations. With text contributions including: Dominic Huber, Director Rimini Protokoll, Zurich; Nina Gorgus, Curator Historical Museum Frankfurt; Ramon De Marco, Sound Designer Idee und Klang, Basel; Daniel Tyradellis, freelance curator, Berlin; Beat Hächler, Director Alpine Museum of Switzerland, Bern; Sibylle Lichtensteiger, Director Stapferhaus Lenzburg.

Publisher

The publishing house **avedition** GmbH, publishers for architecture and design, was founded in 1992. Strategically the publishers specialise in interdisciplinary areas of design such as interior and exhibition architecture, scenography as well as product and communication design.
