Sustainable Architecture & Design 2025 / 2026

Andrea Herold, Tina Kammer

- **Sustainability yearbook**
- **Innovations and trends in transformation**

Around 60 international projects present the most innovative and forward- looking solutions, whose contribution to building culture development is clearly evident. The focus is on all the relevant themes of transformation development: use of resources, circular processes, biodiversity etc. The editors take a comprehensive look at current developments in the building sector and inspire novelty. With InteriorPark., they have been driving sustainable developments in the building sector forwards since 2010..

Publisher

The publishing house **avedition GmbH**, publishers for architecture and design, was founded in 1992. Strategically the publishers specialise in interdisciplinary areas of design such as interior and exhibition architecture, scenography as well as product and communication design.
