Architekturbild, the European Architectural Photography Prize, has been awarded on a two-yearly basis since 1995. Numerous synonyms are offered for the term "stopgap", such as replacement, emergency solution, transitional or interim solution. We all know such expedients from the private environment as well as from public life. The 28 rewarded series of EAP 2023 show stopgaps that make us smile tolerantly or thoughtful, they discover imaginative solutions, but they can also point out to shortcomings.
